Objectives

- To make the objectives of the IMWU known to the world.
- To make the Islam represented in a different view, in women's view to the world
- To use the media available within our strength or through our known people
- To record and announce the achievement of our Union producing suitably

Requirements

- Need producers
- Need communicators
- Need to use anyone who may help us as Muslim
- Need to sensor or quality controller
- And so on.... (many of such are needed and there are enough in our community)

Decisions

- Decided to use the present competent peoples' capabilities
- Encourage them to produce and make those production spread across the world.
- Use the Social media to make our news spread fast with most number of hits/likes within days by establishing cross country network
- Website for the IMWU should be used by the member country and need to send good news items etc publish
- In social media can use our news distorted and hence only the common news only should be sheared in that manner.
- IMWU website can be used as a hub of business network among the members and non member. For sellers and buyers too.
- Important roles like translation, spreading the news across different parts were accepted by different sisters.
- We need to always make sure without giving negative image and should always in line with the UN or global norms and the sensitive issues shall be censored and published. (our members may support or oppose certain news item). This otherwise will affect entire activity

Conclusion

- Prof Ibrahim concluded with stressing...
- The importance of the media
- The important of conveying the true message of Islam across the media to the world.
- The most part of the population is not used in the making of the Muslim community in the correct way. The women can make a huge contribution in the Media to attract the attention of the world.
- Dhawa is a must and need everyone to give their contribution. Muslims are ready and we need to use their contribution.
- Need to conduct sessions of training on how to give the message of Islam to others
- The message we convey need to be in accordance with the Quran and Sunnah
- Need to arrange this training as a free
